Dear Ms Ramuluvhana

Food & Trees for Africa (FTFA) thanks you for your donation of R 46 940 received on 31 October 2012 which contributed to the Trees for Homes programme.

This donation purchased 521 trees, planted in Boipatong, Gauteng Province on 6 November 2012. We are sure that these trees will bring many benefits and years of pleasure to the residents.

As awareness of our impact on Earth and realisation of the need to take green action grows, FTFA offers 22 years of greening experience through the six internationally recognised programmes this active social enterprise implements. With food insecurity and food prices rising, support for FEED Africa and Food Gardens for Africa is invaluable, bringing fresh, organic produce to undernourished communities, as well as upskilling the project members. Trees for Homes and Trees for All assistance gives trees, a symbol of life and a lasting gift that cleans our air, sinks carbon emissions, reduces erosion, provides shade, reduces noise, helps to keep our water clean, provides fruit, nuts and medicine, provides wildlife habitat and contributes to civic pride. Bamboo for Africa, besides sequestering carbon dioxide and mitigating climate change, provides many enterprise opportunities.

Enclosed please find a certificate acknowledging your great. Green gift. Thank you again! We hope to work with you and your wonderful staff more towards a greener and lower carbon future for us all.

Kind regards

JEUNESSE PARK
