

once

upon a

a low cost airline called kulula.com was created by some very clever people at Comair Limited

SINCE THEN WE HAVE REVOLUTIONALISED AIR TRAVEL IN SA BY MAKING FLYING MUCH EASIER AND MORE AFFORDABLE TO ALL.

kulula.com started flying between Jo'burg & Cape Town - 2001

kulula's three millionth passenger transported - 2005

kulula introduces the first 737-800 into their fleet - 2009

We turned 10, bought some land on Mars and shared it with our fans. - 2011

We've expanded our routes to include British Airways. - 2012

fancy new aircraft

kulula is the only airline in South Africa that operates the newest generation of Boeing 737-800 aircrafts which are quieter and more fuel efficient, making them easier on the environment. They also boast more spacious interiors with mood lighting for an even more comfortable flight.

buy flight extras
